

It is hoped that by submitting a “**Help! I’m Stuck Worksheet**” describing your research problem, other members of Botany Bay Family History Society may be able to assist with advice that a new set of eyes might find.

Your submitted request can be made anytime throughout the year and will be distributed among Volunteers offering to assist who will contact you directly with any thoughts, suggestions, or findings to aid your research.

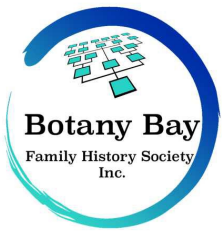

Twice a year, in May and October, we will discuss the submitted research problems and subsequent results at the Mid-Month Zoom Meetings.

To participate:

1. Fill out the attached worksheet in as much detail as possible.
2. Scan and email your worksheet to botanybayfhs@yahoo.com.au
3. Sit back and wait for help.
4. Let us know in May or October of help received and any subsequent results.

Disclaimer:

While we can’t offer any guarantee of solving your research problem, hopefully another member has had to work through the same scenario and can give you some helpful advice.

Help! I'm Stuck Worksheet

Fill in as much detail as possible – Scan & Forward to botanybayfhs@yahoo.com.au
