

Family History Botany Bay

JOHN LEVY

PRESENTS

FIND A GRAVE

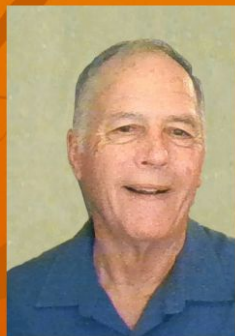

Tuesday 14th April

10am-12pm

FHBB Research Centre

Port Hacking Community Centre

184 Gannons Rd, Caringbah South

Find A Grave is a great way to locate the grave of your ancestor. Apart from simple burial or cremation details there is often a photo of the grave and other information about the person that is not available elsewhere.

There is much more to Find A Grave. Long term FHBB member JOHN LEVY will guide us through finding out about connecting family, how to memorialise a family member that is not on Find a Grave yet, create virtual cemeteries, request a photo of your ancestor's grave, and more.

Members : \$5

Non-members welcome on payment of \$10.

Follow the links for on-line payments on the website.
