## VANESSA CASSIN

### WILLS & PROBATE 101

### WEDNESDAY AUGUST 6

### 7.30pm ZOOM

Vanessa will introduce the wealth of information available from Will and Probate records in Australia.

These records can be intimidating due to the variations from state to state, legalistic language and specific formats to which many such records must conform .

Vanessa will explain commonly used terminology and how to use these underutilised records.

Real life examples will demonstrate how these records can add to our understanding of an ancestor's life.

Vanessa Cassin, a genealogist who has been researching her own family for over 20 years, is a learning and development professional with extensive experience providing training and assessment in the trustee industry, both as an in-house trainer for the NSW Trustee & Guardian and as an assessor for Western Sydney University College's Registered Training Organisation.
